Understanding Neko Atsume: An Overview

Before diving into specific questions about your progress or the game's mechanics, it's essential to understand what makes Neko Atsume unique and how it works.

The Core Gameplay

Neko Atsume is a casual mobile game developed by Hit-Point Co., Ltd., where players create a virtual yard filled with toys, food, and furniture to attract cats. The main goal is to attract as many different cats as possible, each with their own personalities and preferences.

Players do not actively control the cats; instead, they set up the environment and wait for the cats to visit. When a cat visits, it leaves behind mementos (called "kitties"), which can be collected and displayed in a virtual album. The more cats you attract, the more items and collectibles you unlock.

Attracting Cats

Different cats are attracted to specific items and foods. For example:

- Fish-shaped toys tend to attract certain cats.
- Premium food attracts rarer cats.
- Special furniture may appeal to unique or rare cats.

Understanding these preferences helps players optimize their yard for attracting a wider variety of

cats.

The Cats and Their Personalities

There are dozens of cats in the game, each with distinct appearances and behaviors:

- Common cats like Sassy Fran and Fluffy
- Rare cats such as S'mores and Cattus
- Special cats that appear during specific events or seasons

Tracking these cats and ensuring their visits is a key aspect of gameplay.

One of the most common questions among players is "Where am I in the game?" because Neko Atsume doesn't have traditional levels or progression bars. Instead, progress is measured through various milestones and collections.

If you're wondering "Where am I?" in terms of collecting cats, look at the album to see which cats are missing.

Tracking Unattracted Cats

Some cats are elusive or only visit under specific conditions:

- Rare cats may appear infrequently or after specific events.
