Origins of Comic Books

Early Predecessors: Comic Strips and Pulp Fiction

The roots of comic books trace back to the late 19th and early 20th centuries, primarily through comic strips that appeared in newspapers. Artists like Richard F. Outcault with *The Yellow Kid* (1895) and Winsor McCay with *Little Nemo in Slumberland* (1905) pioneered the comic strip format, blending illustration with humor and storytelling. These strips became immensely popular, laying the groundwork for the comic book medium.

The transition from serialized comic strips to standalone publications was a natural progression as publishers sought to capitalize on the growing popularity of illustrated storytelling.
